

**Supplemental Educational Services**  
**Title I, Section 1116(e) of the Elementary and Secondary Education Act**

**What are supplemental educational services?**

Supplemental educational services (SES) are additional academic instruction designed to increase the academic achievement of students in schools in the second year of improvement, corrective action, or restructuring. These services, which are in addition to instruction provided during the school day, may include academic assistance such as tutoring, remediation and other supplemental academic enrichment services that are consistent with the content and instruction used by the local school district and is aligned with the State's academic content and achievement standards. SES must be high quality, research-based, and specifically designed to increase student academic achievement [Section 1116(e) (12)(C); 34C.F.R. 200.45(a)].

**What is the purpose of SES?**

Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the No Child Left Behind Act of 2001 (NCLB), calls for parents of eligible students attending Title I schools that have not made adequate yearly progress (AYP) in increasing student academic achievement for three years to be provided with opportunities and choices to help ensure that their children achieve at high levels. SES provides extra academic assistance for eligible children. Students from low-income families who are attending Title I schools that are in their second year of school improvement (i.e., have not made AYP for three years), in corrective action, or in restructuring status are eligible to receive these services.

**Who is eligible to receive SES?**

Eligible students are all students from low-income families who attend Title I schools that are in their second year of school improvement, in corrective action, or in restructuring.

For the **2010-2011** school year any students with the above qualifications who attend **Kankakee Junior High School, Kennedy Middle School or King Middle School** should request an SES application from the building principal. After completion of the application, please return it to the building principal. All applications will then be sent to Instructional Programs and every effort will be made to place your student in the tutoring program requested.
